Iron is an important component of hemoglobin, the substance in red blood cells that carries oxygen from your lungs to transport it

Select Herbal Formula

Iron Capsules

Iron Capsules: Red blood cells that carries oxygen from your lungs to transport it throughout your body. Hemoglobin represents about two-thirds of the body's iron. If you don't have enough iron, your body can't make enough healthy oxygen-carrying red blood cells along with other important processes. A shortage of iron in the blood can lead to a range of serious health problems including anemia. †

Directions: Adults take one capsule daily as a dietary supplement preferably with food.

Select Herbal Formula
Super Colon Capsules

Super Colon: For hundreds of years, cascara sagrada has been a natural herb used to support healthy bowel function. Made from the bark of the California buckthorn, a tree found in the northwestern U.S., records of cascara sagrada date back to the 1800s when it was used by Native American tribes and Spanish and Mexican priests as a natural laxative. Used as a stimulant laxative, it works by causing muscle contractions in the intestines and helps move stool through the bowels.*

Directions: Adults take one capsule in the morning and evening as a dietary supplement preferably with food.

Select Herbal Formula

Flu Prevention Capsules

Flu Prevention contains herbs that fight colds and flu naturally with no artificial ingredients.

Select Herbal Formula

Digestive Enzyme Capsules

Digestive Enzyme is primarily recommended to assist in correcting digestive ailments. Many other illness can be addressed, even healthy people are said to benefit because the supplemental enzymes take the strain off the pancreas of making its own enzymes. Also your body may not make enough enzymes. Low enzyme levels are said to affect digestion, and the undigested particles that pass into the blood can lead to immune dysfunction, allergies, and a host of other ailments. It is necessary to take Digestive Enzyme to make your body healthy and eliminate undigested food to pass to the blood. †

Directions: Adults take one capsule in the morning and one in the evening as a dietary supplement preferably with food.

Warning : Do not exceed recommended dose. If you are pregnant or lactating, consult a health care professional before using this product.

Select Herbal Formula

Excel-Immune Cancer Prevention Caps

Excel-Immune Cancer Prevention is a formulation of natural food and food derivatives that have been shown in laboratory studies to provide potent support to the immune system and response to infection. Additionally, these compounds might act synergistically to reduce inflammation, stress response and pain. A pharmaceutical engineer and a medical doctor developed this formulation in the belief that a healthy immune system is critical to disease prevention and healing. In addition to using this product as a healthy diet, it can help the immune system deal with imbalances. †

Directions: Adults take one capsule in the morning and one in the evening as a dietary supplement preferably with food.

Warning: Do not exceed recommended dose. If you are pregnant or lactating, consult a health care professional before using this product.
